Higher Secondary Education with PCM with an aggregate score of 66% 2018 - 2021
- Unique Science Academy** Basti, India
Secondary Education with an aggregate score of 83.6% 2018 - 2021

PROJECTS

iBOOK STORE Feb 2024

- Developed a comprehensive and interactive learning platform using React.js, providing students with the tools and resources they need to succeed. The app offers a diverse range of courses and content tailored to a wide variety of learners.
- Implemented a user-friendly interface with responsive design to ensure accessibility across various devices.

WEATHER APP June 2024

- Built a web application using React.js to provide weather updates for different cities in India. The app retrieves weather data using the Fetch API method.
- Added features for displaying weather forecasts, enhancing user experience with detailed weather information.

CUREIT Jan 2024

- Created an app using HTML, CSS, JavaScript, React.js, Express.js, and Node.js to help users book appointments with doctors. The app allows users to check doctors' availability and ratings.
- Integrated a secure login and user authentication system to protect user data and ensure privacy.

ACHIEVEMENTS

- Delivered a Successful Presentation as a Speaker at an Offline Webinar on “Things I Learned in Lockdown” Engaging a Large Audience of 100+ Students.

- Won Best Performance Award - Awarded Best Performance during training in my project.
- Secured AIR 10112 at Coding Ninja's among 3 lakh students.
- Served as the class Representative of the IOT department from 2023-24
